

SOUTH TIMNATH
METRO DISTRICT

Can I reserve part of the Park (Center Park) or the entire park?

No.

The District does not except reservations for the park. The park is open for the community to use on a first come first serve to use the park amenities. We ask that you share the amenities with others.

The covered picnic table areas are for all to use, but if you are having birthday parties or family gathers, etc. you can block off your area and tables for a limited time (2 to 4 hours not posted, just a suggestion). If not using all tables, please let others use the open tables. Please be considerate on time usage and clean up tables and grills when complete.

You cannot block off the playground area for private parties. You cannot block off the basketball courts for private parties. Sharing with others, or use for limited time (Posted at Courts) when other are waiting.

We get request all the time to reserve the park, for birthday parties, family parties, family reunions, high school and collage graduations, work functions, faith/religious activities, fitness classes, dog training classes, sporting tournaments and so forth. You get the idea, if we blocked off parts or the entire park, no one would be able to use the park on a regular basis. The District just asks that everyone share the areas and be respectful of others.
