District Services Update

As you are may know, Pinnacle Consulting Group, Inc. is the District Manager for the Windshire Park Metropolitan District. During the first quarter of 2009, the Windshire Park website will be launched. In the meantime, District information can be accessed at the following location:

<http://www.pinnacleconsultinggroupinc.com/>
Select—Clients & Projects then Metropolitan Districts

Tree Care During the Winter Months

Our dry climate can be very challenging when trying to establish healthy landscaping. The Town of Windsor's Park's and Recreation Department suggests the following for continued healthy tree growth during the dry winter months:

- ◆ Apply water so it moistens the soil to a depth of 12". Tree root systems can spread 2-3 times wider than the height of the tree and the tree's absorbing roots are in the top 12" of soil.
- ◆ Apply 10 gallons of water for each inch of the tree's trunk diameter. If using a soaker hose or root fork, water 10 minutes per 2" in diameter. If using a soft spray, hose water 5 minutes per 2" in diameter.
- ◆ Water 1-2 times per month when the temperature is above 40° and no snow cover exists.
- ◆ Apply mulch within the drip line to a depth of 4" and leave at least 6" between mulch and tree trunk.

A THANK YOU FROM PINNACLE

IN THE SPIRIT OF THE
SEASON, WE EXTEND A
HEARTFELT THANK YOU
AND WISH YOU THE VERY
BEST IN 2009
